- Empathy
- Teamwork
- Project Management
- Critical Thinking
- Time Management

PROFILE

A purpose-driven software engineer in training with a strong foundation in leadership, empathy, communication, and collaboration. I specialize in building real-world, user-centered web applications that blend clean, maintainable code with intuitive and visually engaging UI designs. I am committed to continuous learning, technical excellence, and uplifting those around me through collaboration and mentorship.

WORK EXPERIENCE

ALX Africa (Remote) 2025 - PRESENT
Key Contributions & Achievements:

- Built responsive and user-focused web applications using HTML, CSS, JavaScript, and React.
- Applied agile methodologies in remote team collaborations and pair programming sessions.
- Designed wireframes and mockups with Figma and Miro, prioritizing intuitive UI and accessibility.

Machakos University — ICT Department 2024
Key Contributions & Achievements:

- Provided technical support to faculty and students, resolving hardware/software issues across departments.
- Assisted in the maintenance and setup of computer labs, ensuring network connectivity and device functionality.
- Participated in troubleshooting tasks involving LAN/WAN configurations and software installations.

**Independent Electoral and Boundaries
Commission (IEBC) - Polling Clerk** 2022
Polling Clerk

- Oversaw voter verification, ballot issuance, and data entry at a polling station serving over 1,000 voters.
- Ensured strict adherence to electoral laws, promoting transparency, fairness, and voter confidence.
- Collaborated with polling officials to ensure seamless logistics and conflict-free operations.
- Demonstrated integrity, confidentiality, and leadership under high-pressure conditions.
